

Planning for Integration – A Template

Remember to make the integration authentic, do not try and place a square peg in a circular hole. Not all disciplines will fit into every integrated unit\

Grade _____

What skills and learning from other subjects can also be addressed in this unit? Are there any related big ideas? What other expectations can be met with this unit?

Language	
Mathematics	
Science and Technology	
Health and Physical Ed.	
The Arts	

Combined _____ **Unit**

Focus On: _____

Overarching Question	
Big Ideas	
Framing Questions	

What additional activities and learning goals will need to be included to make this an integrated unit?
